

Guide to Thesis Topic Announcement in Neptun

The Neptun interface for announcing the chosen thesis topic is accessible under Studies/Degree thesis/Thesis application:

1. Click on the **Thesis application** button to get all available thesis topics listed
2. Drag the scroll bar at the bottom of the window to the right and click on the **+ sign** in the line of the topic you would like to choose. Then select **Registration**

The choice of topic will be judged by the denoted lecturer/supervisor. Departmental and personal capacity can be decisive.

In order to avoid rejection, it is advisable to contact the lecturer(s) and consult with them before selecting their topic.

If your application is not supported, you shall choose another topic and shall start the process again.
