Formal requirements for posters

The posters will be presented in electronic form during the conference. Please make the posters in ppt format. A maximum of 6 slides can be made per poster, which must also include the title page and the acknowledgments. The contents of the slides should meet the expectations of traditional posters, i.e. they should contain all the necessary information, explanations and figures (with figure titles). Posters must be self-explanatory. Submitted materials may not contain audio or other multimedia materials or their links.
