### **MODULE AIMS**

The aim of this course is to introduce students into the theory and practice of bilingualism and prepare them for teaching at bilingual primary schools. The students are going to familiarise with the theoretical and practical foundations necessary in order to teach in English in the classroom.

### **MODULE SUBJECT**

Students are going to have state-of-the art knowledge in the field of bilingualism and acquire the methodology of CLIL. They will be aware of the basics of children's culture of the target language countries. They will also be aware of their own role as models as bilinguals and the methodologies that support children's language development.

### **OTHER IMPORTANT INFORMATION**

Closed number, prior to admission departmental contact is required! **Only for students studying to become English language teachers for young learners.**
