Mobility

Dear teacher education student,

Are you looking for an opportunity to learn more about teacher education systems across Europe and to get in touch with other students from four different countries? Then we have an attractive offer for you: The project [Partners in Mobility](#) invites you to participate in our concluding conference on „Teaching across Europe“ from 9-11th of October 2024. The workshop will take place on the campus of the [Europa-Universität Flensburg](#) in the city of Flensburg (Germany). Together with students and staff from University College South Denmark, Linköping University (Sweden), Jyväskylä University (Finland), Eötvös Loránd University (Hungary) and Europa-Universität Flensburg we will look at the topic from different perspectives.

Our highlight will be school visits to German schools so that you can get a closer look at the German school system.

You will additionally have the opportunity to interact with international students and experience the friendly city of Flensburg with its picturesque harbour and nearby beaches. A more detailed list of planned activities will follow shortly.

(We are able to support two teacher education students from each of our partner universities with lump sums for travelling and daily allowances of around 580 € per person if they take an active role during the event. We will also provide some meals during the event).

The application period starts in April 2024.

We look forward to seeing you in October,
Your *Partners in Mobility* Team
