

Enrollment

Early Childhood Education BA/Kindergarten Education BA

In-person enrollment for international student candidates admitted in 2026:

2 September 2026 9:00-12:00

ELTE TÓK Faculty Building office 136

Address: 40 Kiss János altábornagy Street 1126 Budapest

Individual enrollment appointments within the 9:00-12:00 time interval will be shared by e-mail.

Early Childhood Education BA & Kindergarten Education BA Study Administrator:

Anita Csáki

e-mail address: csaki.anita@tok.elte.hu

You shall enroll and establish your student status in two steps:

1. on Neptun Student web
and
2. in person, on the day of enrollment

If you fail to enroll in person, your student status cannot be established and your admission shall be considered void.

If you cannot enroll in person, you may authorise someone to act on your behalf: [Authorisation form](#)

Documents to bring along for enrollment:

- **Enrolment sheet** printed from Neptun Student web **MENU/Administration>General forms**
- **Passport and visa/residence permit**
- **Original High School Graduation Certificate** (Official English translation to be attached if needed)
- **English Language Proficiency Certificate (optional)**
- **Certificate of Good Conduct (optional)**
- **Original Health Statement submitted during the admission process**
- **An ID size photo**

Health Aptitude:

Pedagogical practice can be done in possession of a valid health booklet. The health booklet shall be renewed annually. Kindergarten/nursery institutions must be epidemiologically safe. Therefore, it is necessary to certify that the person working/doing their pedagogical practice there does not suffer from any infectious disease/does not endanger the health of others. To this end, the enrolled student must undergo and pass occupational health aptitude tests. Detailed information will be received from: admission@tok.elte.hu

Early Childhood Education/Kindergarten Education Programme Curriculum

The Early Childhood Education/Kindergarten Education programme curriculum is accessible on this website: [For Current Students \(elte.hu\)](https://elte.hu)

The curriculum includes the compulsory subjects you have to complete for the degree. Progress in studies is determined by factors like the **recommended semester** and **pre-requirements**.

If a subject is marked as a **strong pre-requirement** of another, it must be completed first, and the one building on it can be registered in a subsequent semester. Parallel completion of the two subjects is not possible in this case.

If a subject is marked as a **weak pre-requirement** of another, the two can be completed in parallel, in the same semester.

SUMMARY OF IMPORTANT EVENTS/DEADLINES

ENROLLMENT	2 September 2026 9:00-12:00
