

EÖTVÖS LORÁND UNIVERSITY
**FACULTY OF PRIMARY AND PRE-SCHOOL
EDUCATION**

HEALTH INSURANCE AND LIABILITY

All students are responsible for arranging for appropriate health and liability insurance during their studies at ELTE University Faculty of Primary and Pre-School Education and their stay in Hungary. ELTE University Faculty of Primary and Pre-School Education is not and shall not be in any way liable for any costs arising from a student's illnesses, accidents, property damage/loss, etc.

Health insurance

Hungarian legal regulations require all students studying in Hungary to have a valid health insurance policy. In general, health insurance policies usually cover only emergency medical care (please read the small-print!). If a student has any chronic illnesses, the student must make additional arrangements as the usual short-term health insurance policy will not cover costs related to such illnesses. If a student has a long-term or chronic illness, he or she must arrange – prior to arrival – an appropriate private health insurance valid in Hungary.

Most EEA students can get the European Health Card which is also valid for use in Hungary. For details on what it covers and how any arising costs are to be paid, please check with your own Health Care authorities.

Liability insurance

Students will be legally and financially responsible for any accidents, injuries, or damages caused by them to someone else or someone else's property, and hence shall be fully responsible for bearing any and all arising costs and duties. It is recommended that all students have a valid liability insurance during their stay in Hungary.
